

Young Biochemists Headed for community outreach in Korogocho and kariobangi

Young Biochemists Headed for community outreach in Korogocho and kariobangi

Thu, 05/16/2013 - 07:59 | misigo

Start Time: Sat, 05/25/2013 - 05:00

End Time: Sat, 05/25/2013 - 14:00

Location: Korogocho and Kariobangi

Members of the University of Nairobi Biochemistry Students Association will on Saturday may 25, 2013 provide training on first aid and nutrition education to members of the public in Korogocho and Kariobangi areas of Nairobi. This activity, an initiative of final year students taking medical biochemistry and nutrition options will add value to the University of Nairobi's resolve to extend service to community.

Contact Person: Dean School of medicine
