

Students in the [school of Medicine](#) participate in *indexing* which is a requirement of the [Kenya medical practitioners and dentists board](#).

The Indexing of Medical Students in the School of Medicine was held on wed 3rd February 2016 at the school of medicine boardroom. Indexing of medical students by Kenya medical practitioners and dentists board; an institution instrumental in overseeing the training of medical students, is a mandatory exercise required under medical practitioners and dentists board ACT (Cap 253), sec 11(A) and rule 2(c) of the medical practitioner (Training, Assessment and Registration) Rules 2014. All institutions offering Medical Sciences Programmes must register all students on admission to the college.
